

WorkFlow Global HRMS - Part 9 Modules

Generated: 2026-06-23 16:08:44

HR Analytics Dashboard Module

The HR Analytics Dashboard provides comprehensive insights into workforce metrics including attrition risk, diversity ratios, training completion, and leave patterns. Designed for HR managers and executives to make data-driven decisions.

Key Metrics:

- Attrition risk trends
- Diversity ratios by department
- Training completion percentages
- Leave patterns and heatmaps

Backend Implementation

Domain Entity:

```
public class HRAnalyticsSummary
{
    public AttritionMetrics Attrition { get; set; }
    public DiversityMetrics Diversity { get; set; }
    public TrainingMetrics Training { get; set; }
    public LeaveMetrics Leave { get; set; }
}
```

Attrition Metrics:

- RiskPercentage: Overall attrition risk
- TrendDirection: up/down/stable
- HighRiskEmployees: Count of at-risk employees

Diversity Metrics:

- ByDepartment: Dictionary of department ratios
- OverallDiversityScore: Company-wide score

Training Metrics:

- CompletionPercentage: Overall completion rate
- TotalCourses: Available courses
- CompletedCourses: Finished courses

Leave Metrics:

- PatternsByMonth: Monthly leave distribution
- AverageLeavePerEmployee: Average days taken

Frontend Implementation

Dashboard Page (/dashboard):

- Attrition risk trends with visual indicators
- Diversity ratios by department (charts)
- Training completion percentages
- Leave pattern heatmaps
- Clean data grid layout
- Role-based views (Manager/HR/Admin)

Visualization

- Bar charts for diversity metrics
- Line charts for trend analysis
- Heatmaps for leave patterns
- Progress bars for training completion
- KPI cards for key metrics
